REMARKS

The specification and claims of the present application have been amended to incorporate sequence identifiers, and to incorporate sequence listing pages as required under 37 CFR 1.821. These amendments are formal in nature and present no new matter.

The specification has also been amended to reflect the deposit of the cell line HC14 with the ATCC. A copy of the deposit information is enclosed.

In view of the foregoing, Applicants believe all claims now pending in this application are in condition for early examination and action toward that end is respectfully requested.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at (415) 326-2400.

Respectfully submitted,
